1937 PRICE LIST

Again we present our list of Dependable Glads for your consideration. We list only such Glads which have proven their worth. We grow hundreds of the newer Glads but we will not list them until we are sure we are able to give you good values.

Our stock is guaranteed to be healthy, vigorous, true to name and free from thrip. All quotations are subject to previous sale. Our stock on some varieties is rather small so we suggest placing your order early to avoid disappointment.
